ABOUT ME

I'm CHOI YOOJUNG.
CONTACT
I'm ready now.

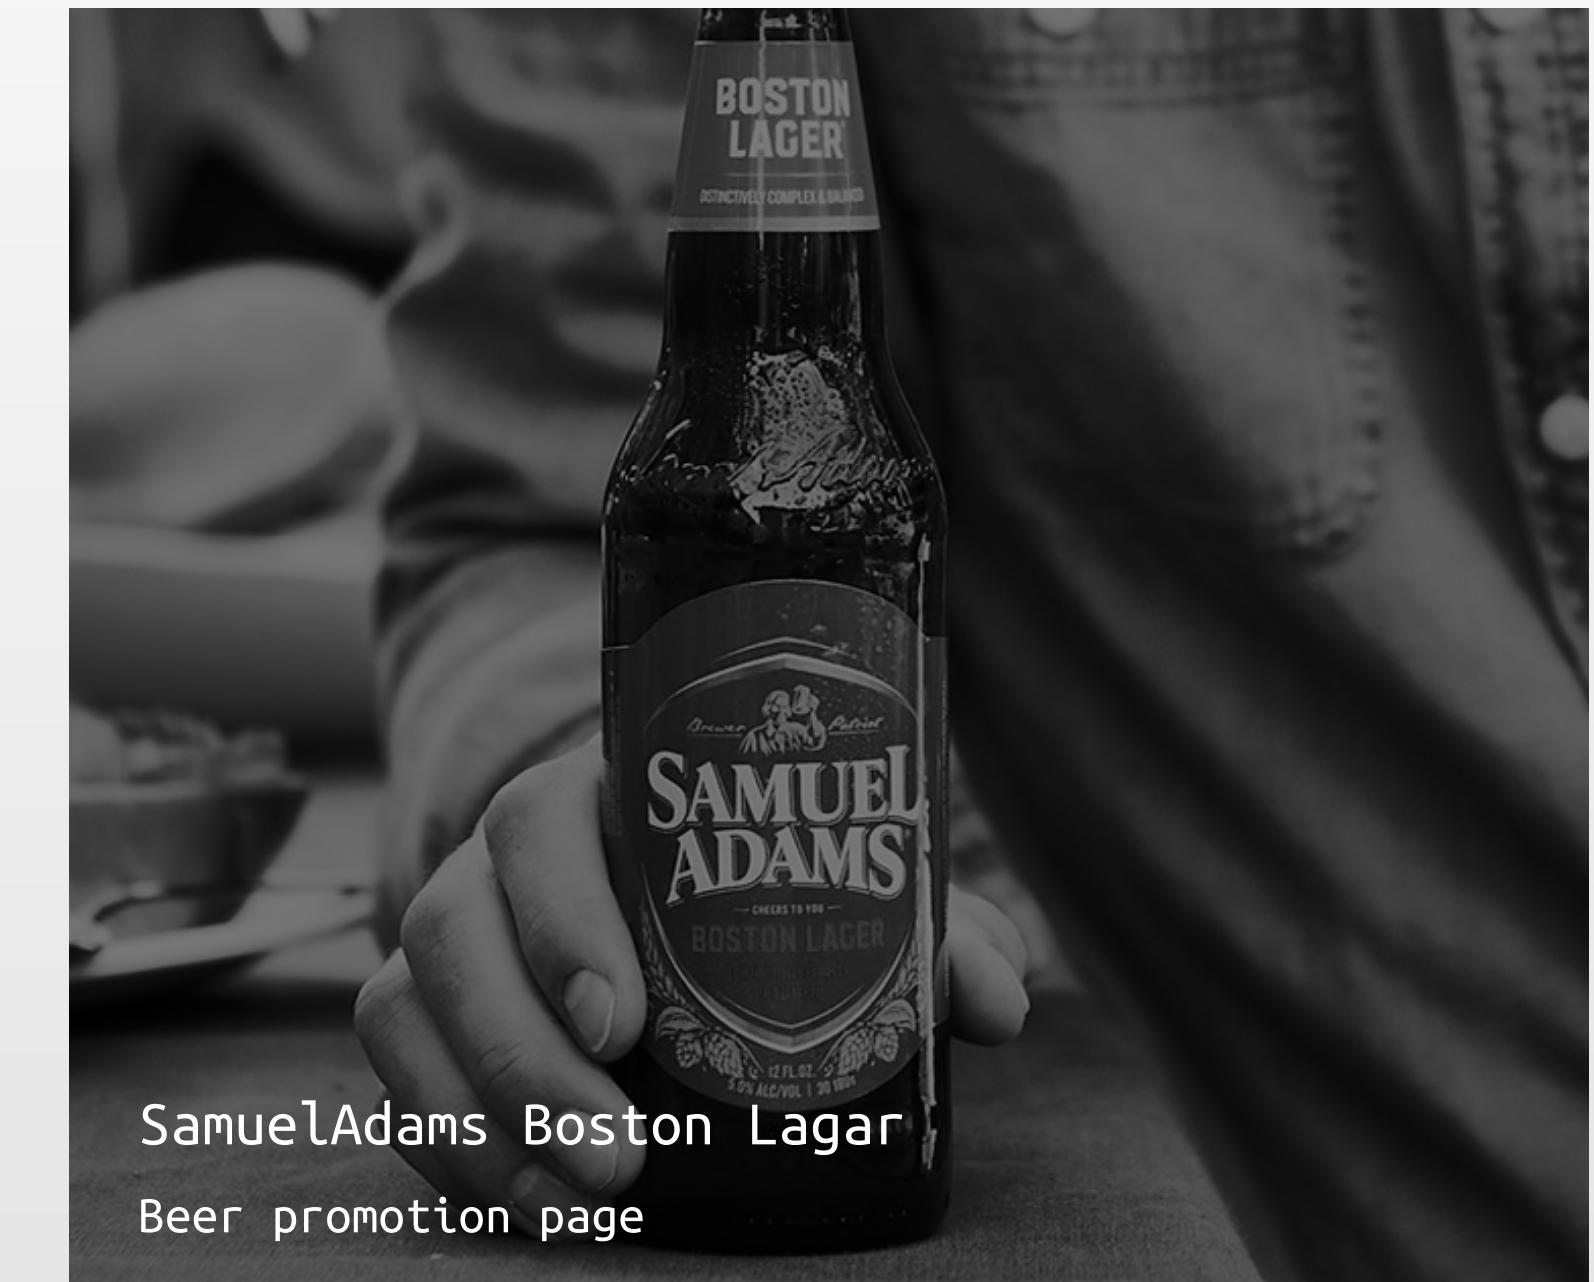

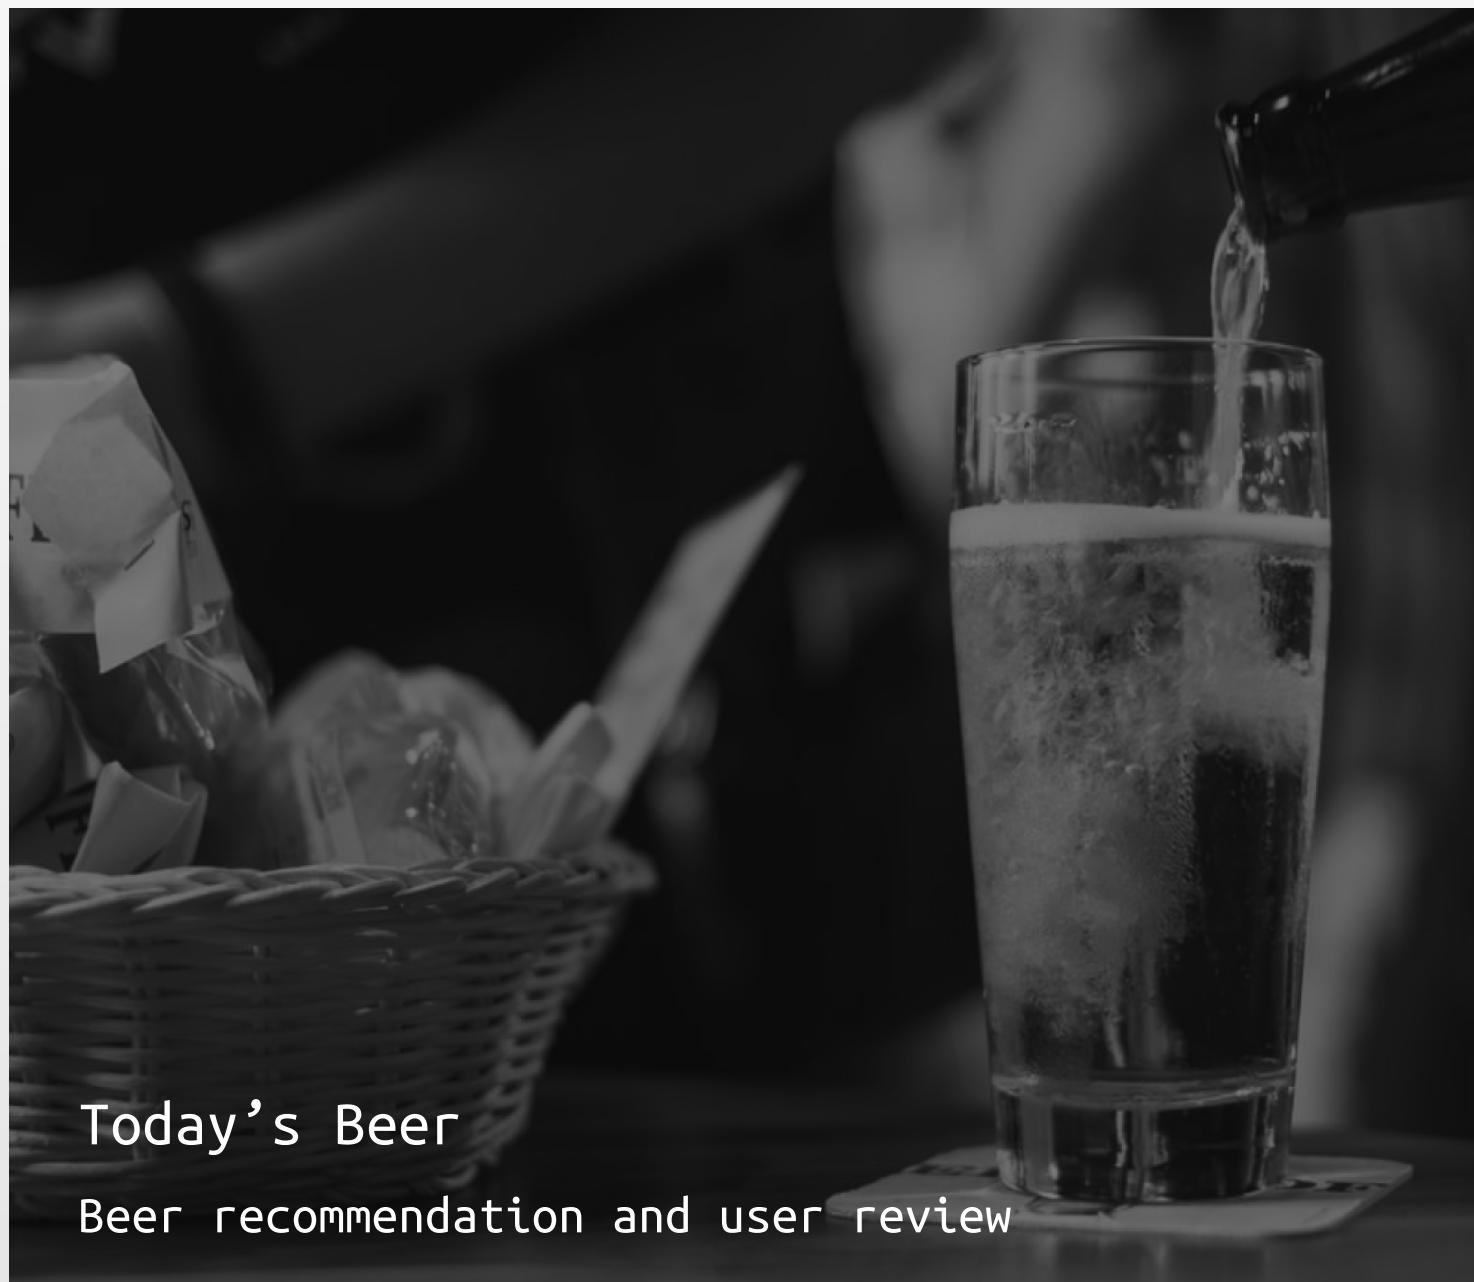

PORTFOLIO

What I worked on

A B O U T M E

This is Who am I

Hello.

I'm Choi Yoo-jung, want to be a web publisher.

I'm rather calm and quiet, thus like jobs which i may set myself a place and focus on, that much i think i have strong concentration.

I'm trying to listen to other people and develop a sense of tolerance that can accommodate the opinions of people who have different opinions from me.

I'm interested in new technologies and will continue to learn to adapt to the fast-changing web ecosystem.

Skills : Web Design, HTML, CSS, JavaScript, Git

I like : Listening to various themes of music, PC hardware shopping

I interested in : Video editing(Adobe AE, Premire pro), PC(Steam) & console game

Achievements

Understanding of the overall flow from planning to design and coding.
Understanding of standard and responsive design.

X

SAMUELADAMS BOSTON LAGAR

web design and publishing

About

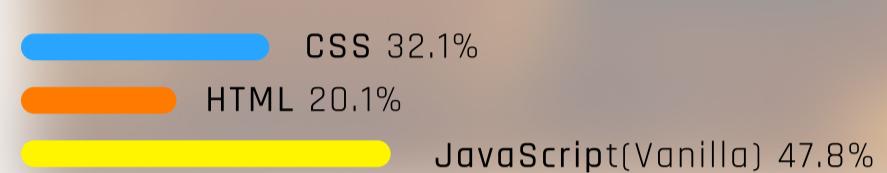

Introduction and promotion events page for SamuelAdams BostonLager. It is designed with reference to the Boston Lager official website.

Aim

Simple design utilizing margins, Emphasize visual effects with scroll animation, Responsive design considering changes in resolution, Design for tablets and mobile devices.

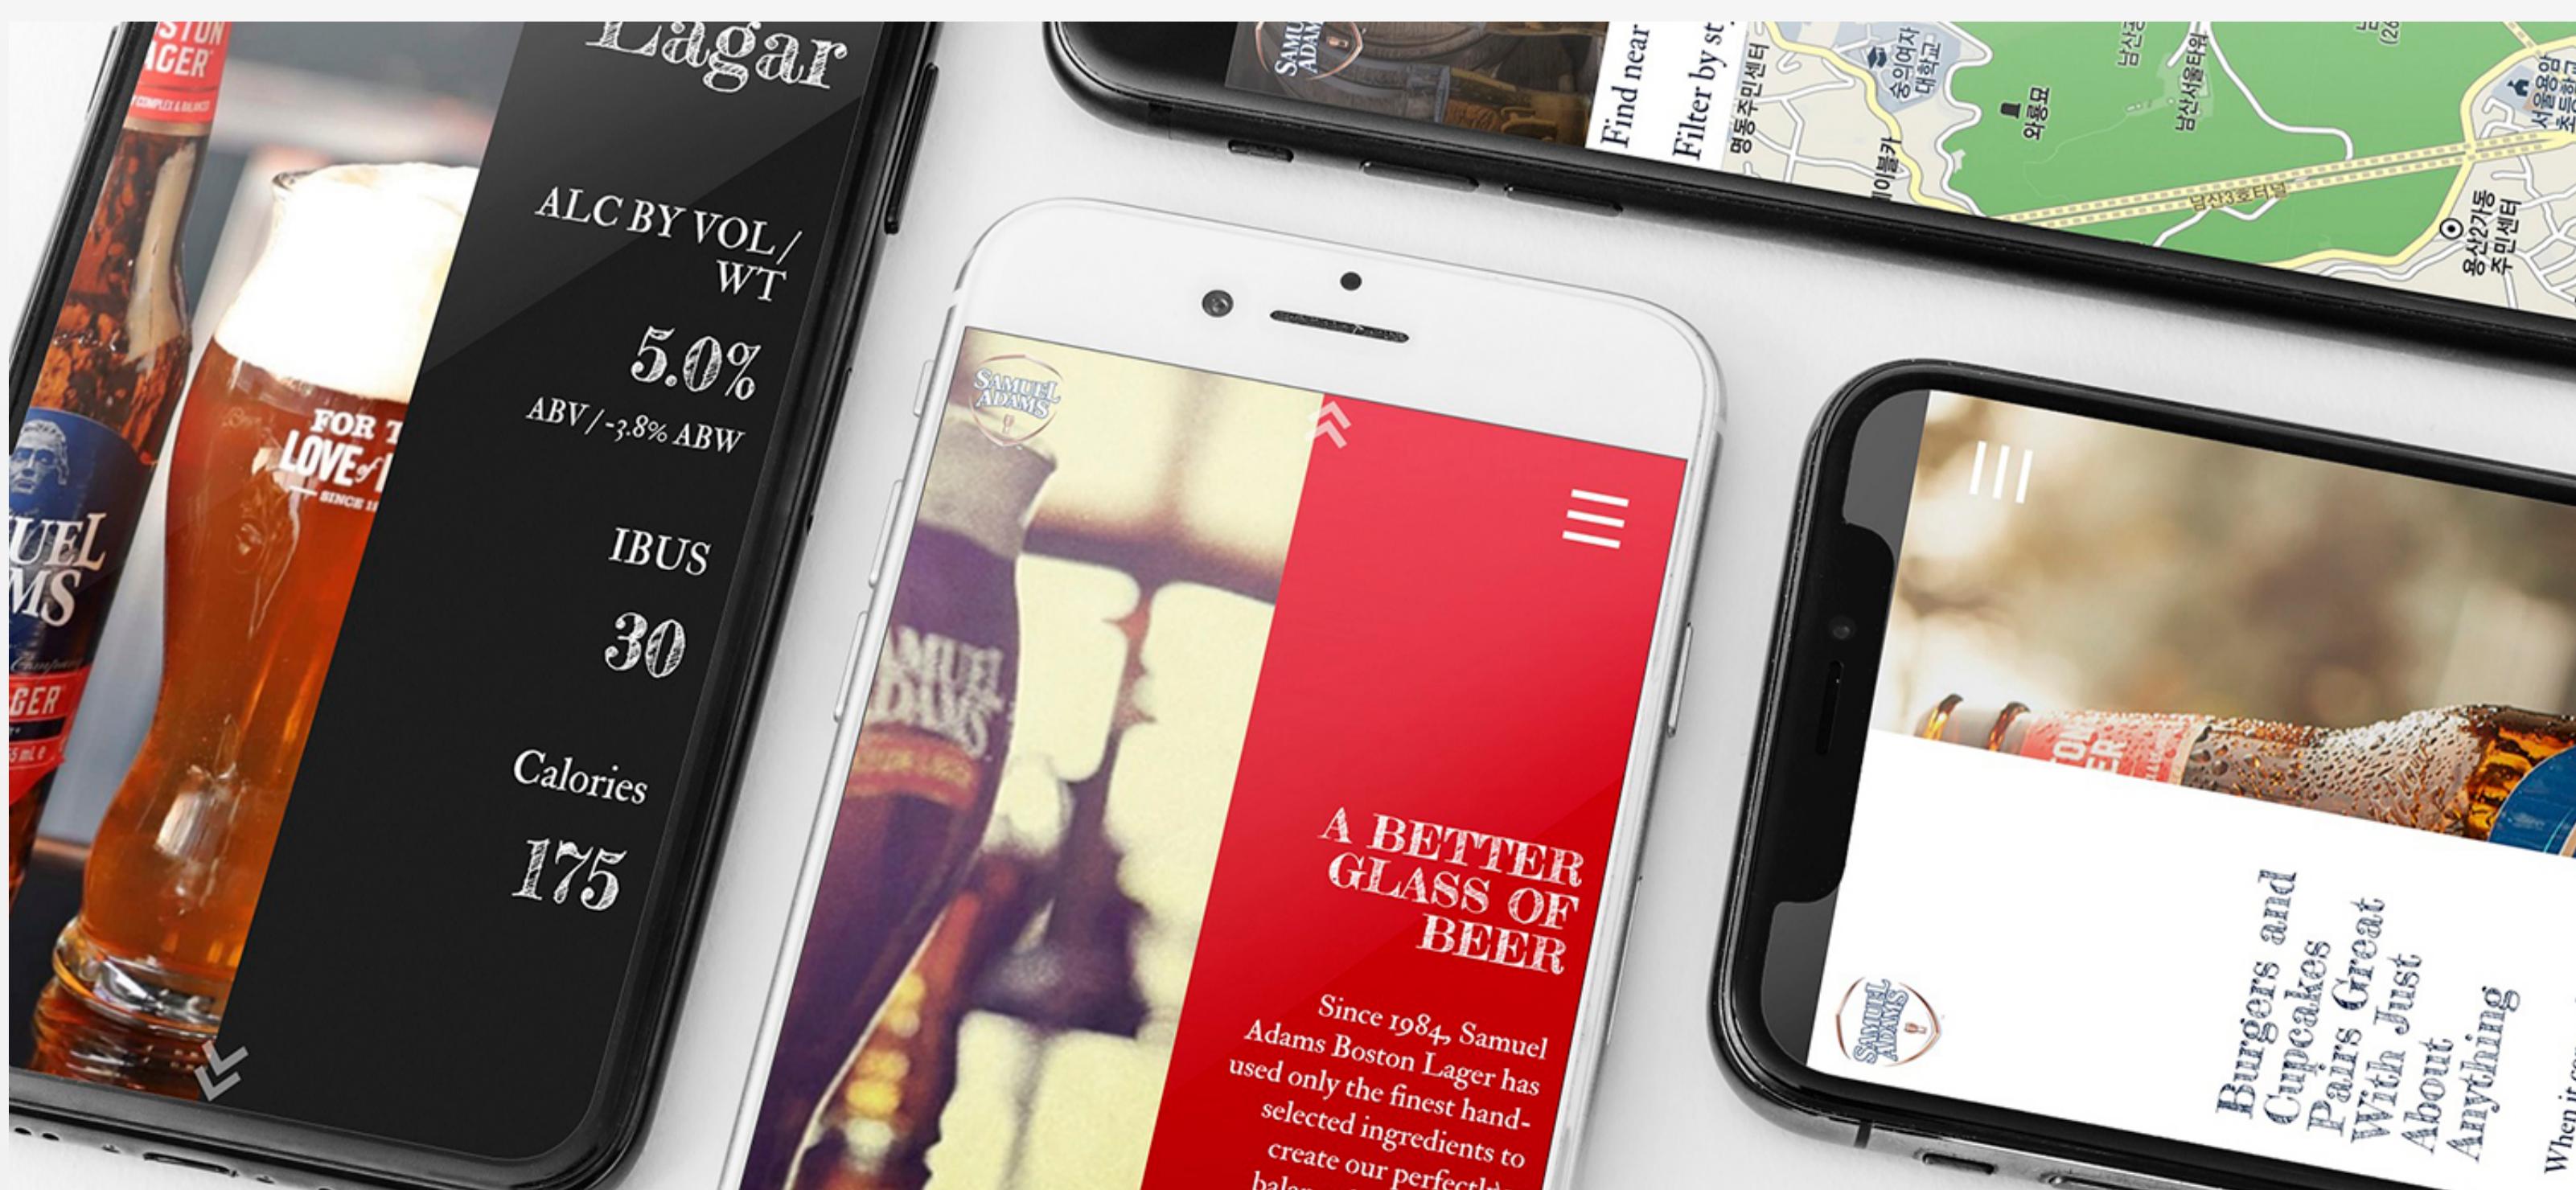

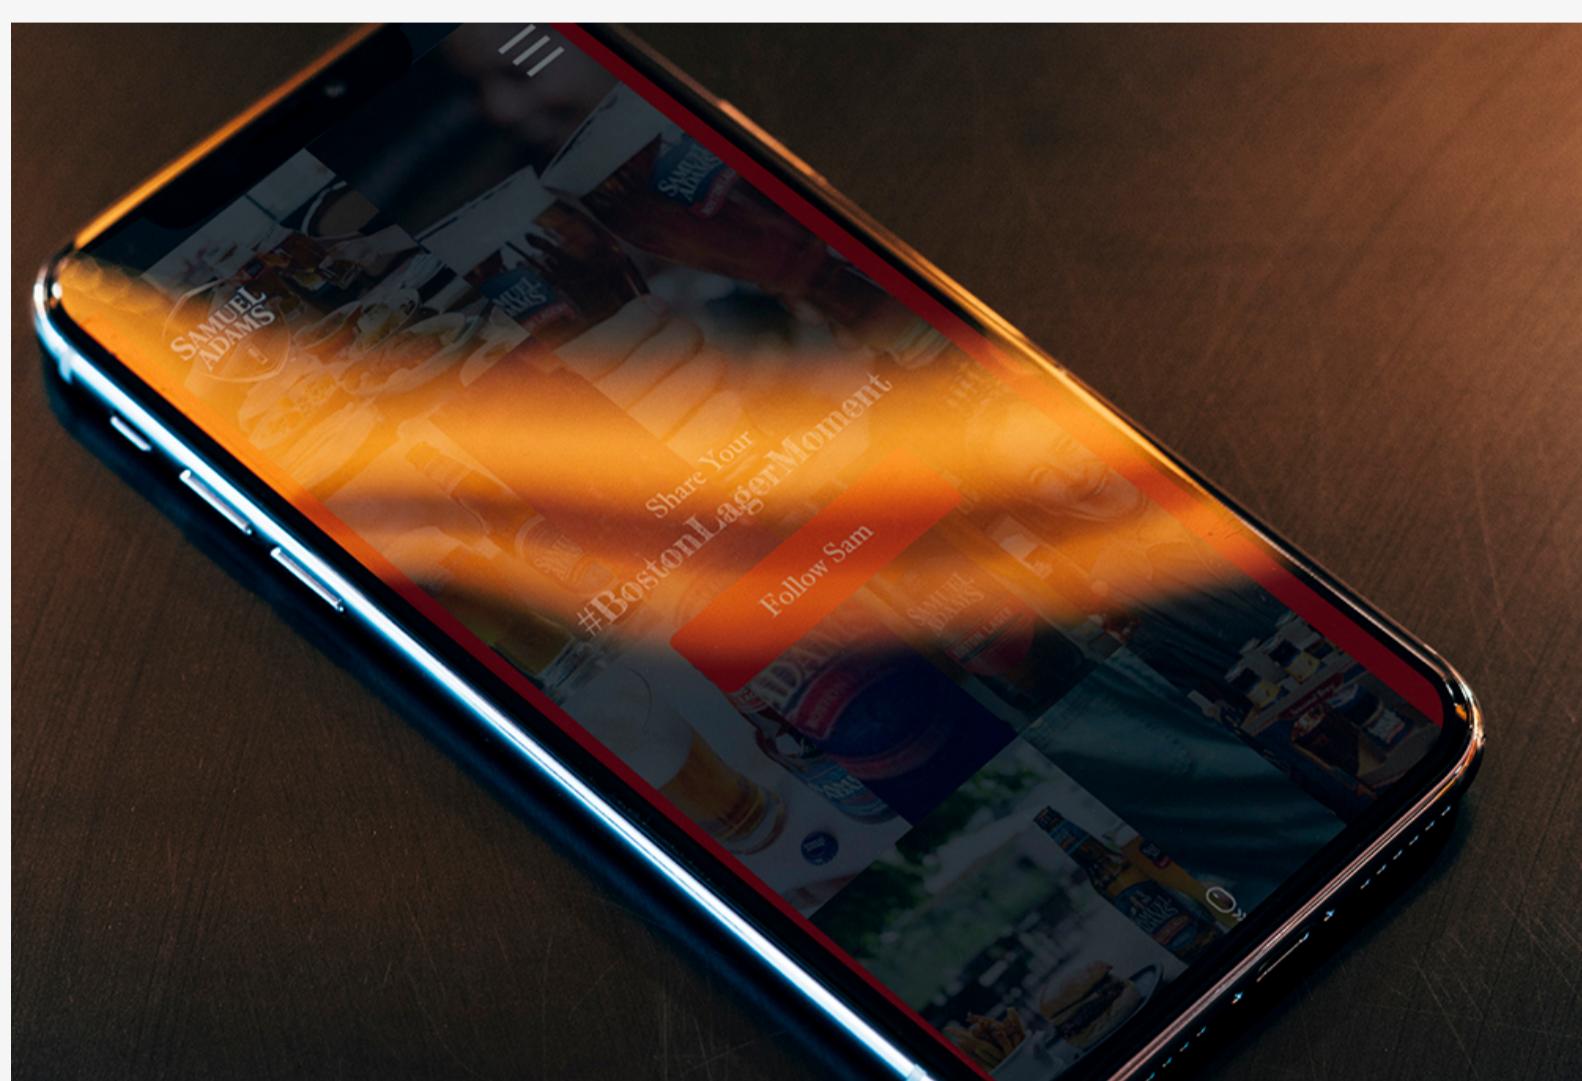

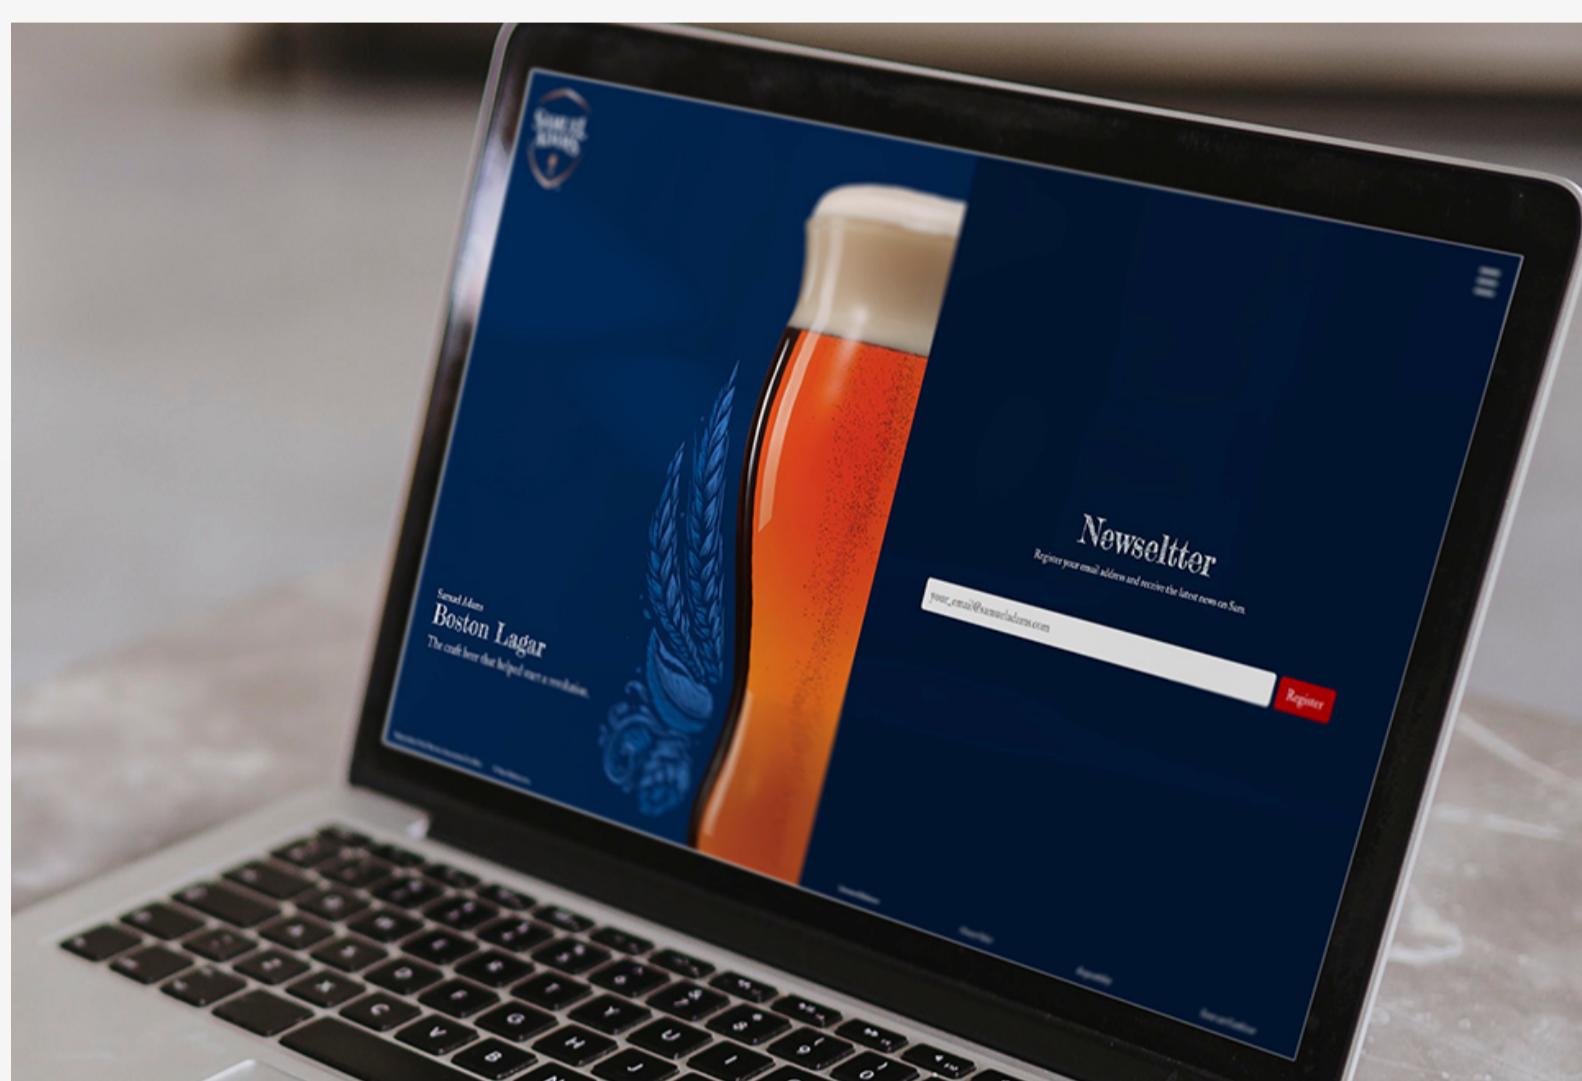

Project link joicychoi.github.io/samueladams

Languages

Achievements

I realized that creating a smooth animation effect with vanilla JavaScript without a plugin is a bit difficult, Overall understanding of scroll animation behavior.
